Itinerary:

AIRPORT - KITHULGALA - RATNAPURA

DAY 1

First thing in the morning we head towards the central highlands. It is an area with tropical rainforests, winding rivers and an undulating terrain. Some of the popular destinations include Kitulgala - a hotspot for white water rafting and kayaking where you will make your first stop to do some rafting. After a thrilling ride on the Kaleniy River and a well deserved lunch, the journey by road continues to Ratnapura.

Meals included: Breakfast/Lunch/Dinner

RATNAPURA - SINHARAJA - RATNAPURA

DAY 2

A Trek through Sinharaja Rain Forest - this magnificent jungle, the last surviving stretch of virgin rainforest on the island, is truly a rewarding experience!!

The Sinharaja - a UNESCO-protected World Heritage Site and an International Biosphere Reserve, is a biological treasure trove, which provides diverse habitats for numerous species of endemic fauna and flora not found anywhere else in the world. The reserve covers an area of about 11,000 hectares of lowland rainforest and is a valuable storehouse of scientific knowledge.

Meals included: Breakfast/Lunch/Dinner

RATNAPURA - UDAWALAWE

DAY 3

The adventure continues in the south-eastern corner of Sri Lanka, a dry zone area famous for its wide open savanna-like plains and home to some of the best national parks in the country including Udawalawe. Visit the Elephant Transit Camp at Udawalawe run by Sri Lanka's Wildlife Department. Here about 22 young elephants, mostly babies, who have been orphaned or recovering from injuries, are being rehabilitated before release into the wild.

An unique luxury camping experience at Udawalawe for your accommodation for the next two nights

Meals included: Breakfast/Lunch/Dinner

UDAWALAWE

DAY 4

Camping and Safaris at Udawalawe National Park. According to Wildlife reports there are about 500 elephants in the park and they often roam in herds of up to 100.

YALA (B/L/D)

DAY 6

It's Jeep-Safari-day! Leopard, elephant, crocodiles, bears, deer, amazing birds....they are all here in Yala National Park! We recommend two game drives - early morning and at dusk when the animals come out to the water holes. Yala National Park, with a total protected area of 126,768

hectares, consists of scrub plains, lagoons and rocky sections and offers the broadest cross-section of the country's flora and fauna. In terms of game-viewing this is probably the best place to see all of the 'big three' - elephant, leopard & water buffalo

Meals included: Breakfast/Lunch/Dinner
